

**BULL INTER COETERA
TO THE EMPERORS
OF HANOR & AUREA**

**INNOCENT I
BISHOP OF VURGOS
SERVANT OF THE STEFAN'S SERVANTS
TO ALL WHO READ THIS LETTER,
GRACE, MERCY AND PEACE.**

**WRITTEN AND DECREE IN 1st.
IN THE YEAR 294 OF OUR LORD STEFAN**

TO WHOM IT MAY CONCERN:

I, **Innocent**, Bishop of Vurgos, Servant of the Servants of Stefan, with Grace, Mercy and Peace, your father, to my dear sons in Stefan, the Most Illustrious Emperors Cassio of the Aurean Empire, James IV of the Hanorian Empire and with mention to the Illustrious Emperor Constantine IX of the Sarovian Empire.

This bull, **the Bulla Inter Coetera**, originates from terms of faith, concession and perpetual endowment, both to you Emperors, and to your heirs and successors, Emperors of the Sixth Aurean Empire and Emperors of the Holy Hanorian Empire, of each and every one from your lands, from West to East, or lands to be discovered and converted in the future, either by you or your emissaries.

In fact, I became aware that you, who for a long time intended to establish yourselves as faithful Stefanic monarchs, establishing in your respective nations the one and only true Stefanic faith as the unique faith of your people, in order to bring the cult of Our Encoder and the profession of the Stefanic faith to your citizens and inhabitants, being until today very committed to the propagation of the faith both in the East and in the West, in this way to please **Our Lord Stefan**, purging from your respective nations, with divine help, any form of paganism or anti-stefanism.

Therefore, as it befits you **Stefanic Emperors**, bringing Stefan to all the Graalians under the earth, and as you undertook from the beginning all with greater readiness and enthusiasm, endowed with the benefit of my papal favour, I, on my own initiative and of my own accord, not on the initiative nor at the request of any other person concerning you, but out of my own generosity and certain knowledge and out of the fullness of my papal power, **by the authority of Stefan Almighty** which has been conferred upon me by Stefan's vicariate, which we have in the Graal, I do, by the content of this honor, designate you and your successors as **Holy Emperors of the West and Holy Emperors of the East**, for Aurea and Hanor respectively.

With this proviso, however, the **Holy Aurean Emperor** will henceforth agree to continue spreading and guarding the Stefanic faith in the West and the **Holy Hanorian Emperor**, in turn, will henceforth agree to continue spreading and guarding the Stefanic faith in the East from this present year of **294 of Our Lord**. Furthermore, any one of your successors and successors of your successors hereafter must be crowned in ceremony by me or my successors popes even if belatedly, otherwise under penalty of excommunication of sentence to be incurred ipso facto and also under the same penalty, anyone who infringes or contests this bull.

I also assert by means of this bull that I officially recognize the Sarovian Emperor, my dear son in Stefan, Constantine IX and his successors, as an assiduous **Defender of the Stefanic Faith**, an equitable honorary title similar to those conferred on the, now, Holy Emperor of the West and the, now, Holy Emperor of the East. And also the same rules apply for his coronation, et cetera.

If anyone thus infringes or challenges this bull with imprudent audacity, know that he will incur the wrath of Almighty Stefan and the blessed Popes Urban I, Leo II, Linus I and all the holy fathers, saints and martyrs of the Holy Militant Church in the Graal of Our Lord Stefan.
